

## CORPORATE ENGAGEMENT OPPORTUNITIES

### Dear Corporate Representative,

On behalf of the ADAPT Texas chapter at the University of Texas at Austin (UT Austin), I invite your company to partner with our organization during the 2025-2026 academic year.

ADAPT is a school-founded organization that **strives to adapt tools and technology for people with disabilities, advocate for and connect individuals with disabilities with services to fulfill their needs, and destigmatize disabilities.** Our dedicated engineers of the org are bringing innovation and accessibility together, ensuring our mission to create adaptive solutions becomes a reality. Through collaboration, creativity, and a passion for helping others, we lead 4 types of projects that make a meaningful impact in our community. **We support our Cockrell School of Engineering and College of Natural Sciences departments by hosting technical workshops and having the teams build students to better prepare them for their future, while enacting change in someone's life.** There's additional interdisciplinary support implemented in our Advocacy and Awareness team.

Partnering with our organization will give your company a variety of advertising and networking opportunities. **Enclosed you will find information about our events and support levels, as well as details about how to contribute to our organization.**

Thank you for your consideration and support. If you have any questions, please contact me. I look forward to working with you to best support the students of UT ADAPT Texas.

**Sincerely,**  
**Angelina Apodaca**  
**Vice President External, 2025-2026**  
**Email: [adapttexas@gmail.com](mailto:adapttexas@gmail.com)**  
**Phone: 915-861-3723**

# General Events

## General Meetings

One Thursday per month, 6-7 pm
